EXPERIENCE

Syracuse University – Whitman School of Management

Jan 2026 – May 2026

Research Assistant, Marketing Department | Teaching Assistant, Finance Department

Syracuse, NY

- Built longitudinal research-grade panel from multi-year non-profit/church data to measure retention & engagement.
- Applied panel data methods (fixed effects models) to investigate retention and engagement dynamics.
- TA for graduate Data Analysis course under Prof. Anna Chernobai: office hours, grading, and instructional support.

Maya Insights

Apr 2024 – Present

Marketing Engineer

Remote

- Project-managed the Maya MCP server through its pre-scale phase: a Claude/LLM-to-Power BI integration layer powering the company's conversational-analytics product.
- Led the Power BI practice into a version-controllable era; presented my approach at the Athens Fabric & PowerBI Meetup March '25.
- Unified ad-platform, CRM, and web-usage data into one central Power BI model, eliminating manual reporting.
- Built cohort and LTV dashboards that flagged a 15% churn-risk segment for clients; automated HubSpot email/CRM workflows that doubled lead-conversion rate.

Wikifarmer

Jun 2023 – Mar 2024

Marketing & Analytics Specialist (promoted from Pre-Sales Executive Intern)

Athens, Greece

- Optimized SEM campaigns, cutting CAC 18%; ran A/B tests that lifted marketing-email open rate 17%.
- Launched the company blog, driving 50% of newsletter signups within 3 months; managed email campaigns to 10K+ contacts; led segmentation and lead generation.
- Built company-wide Power BI dashboards for daily KPI tracking; authored Wikifarmer's LinkedIn thought leadership and wrote PR pieces published in FreshPlaza.

Wikifarmer

Mar 2023 – Jun 2023

Pre-Sales Executive Intern

Athens, Greece

- Contributed to B2B lead generation and outreach for the DACH region.
- Performed HubSpot CRM data entry, built automation workflows, and executed email marketing campaigns.
